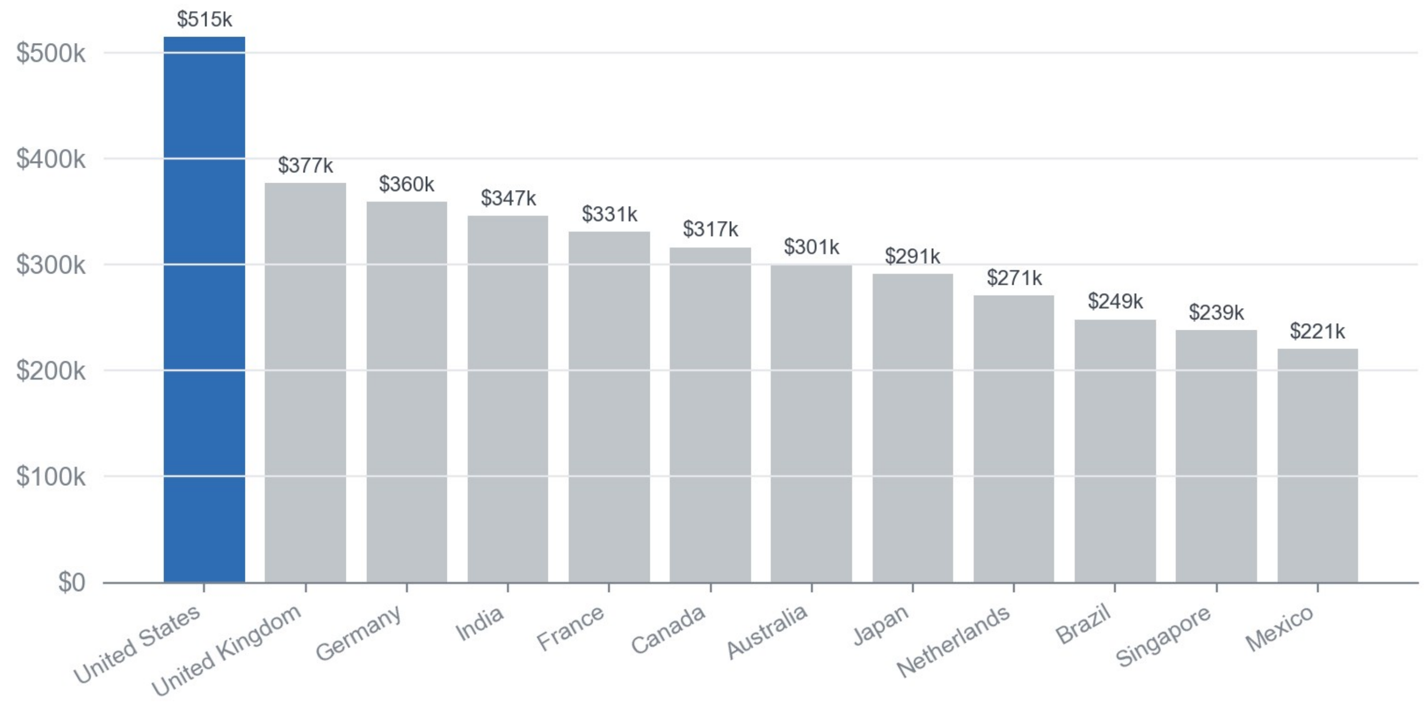
COUNTRY BREAKDOWN

The United States leads MRR at $515k, but decreased by -$43k this period.



In May 2026, the United States remains the top contributor to MRR with $515k, followed by the United Kingdom at $377k and Germany at $360k. The overall MRR concentration is significant, with the top three countries accounting for a substantial portion of total MRR. Notably, France is the biggest mover this period, increasing its MRR by +$16k compared to April 2026.

KEY TAKEAWAY

This shift highlights the need to address declining MRR in key markets while leveraging growth in others.

- Top three countries contribute significantly to overall MRR concentration.
- France's MRR increased by +$16k, indicating positive growth.
- The United States experienced the largest decline at -$43k.

RECOMMENDATIONS

Priorities for the coming month

1. Analyze and address the $30k decline in the Business plan to stabilize MRR.
2. Enhance marketing strategies in the United States to recover the $43k decline in revenue.
3. Focus on increasing the Enterprise plan, which currently represents $1.99M or 52.2% of total MRR.
4. Implement customer retention initiatives to prevent further declines in overall MRR, currently at $3.82M.
