DEPARTMENT BREAKDOWN

Sales leads with \$149k, but decreased by -\$5k from last month.

KEY TAKEAWAY

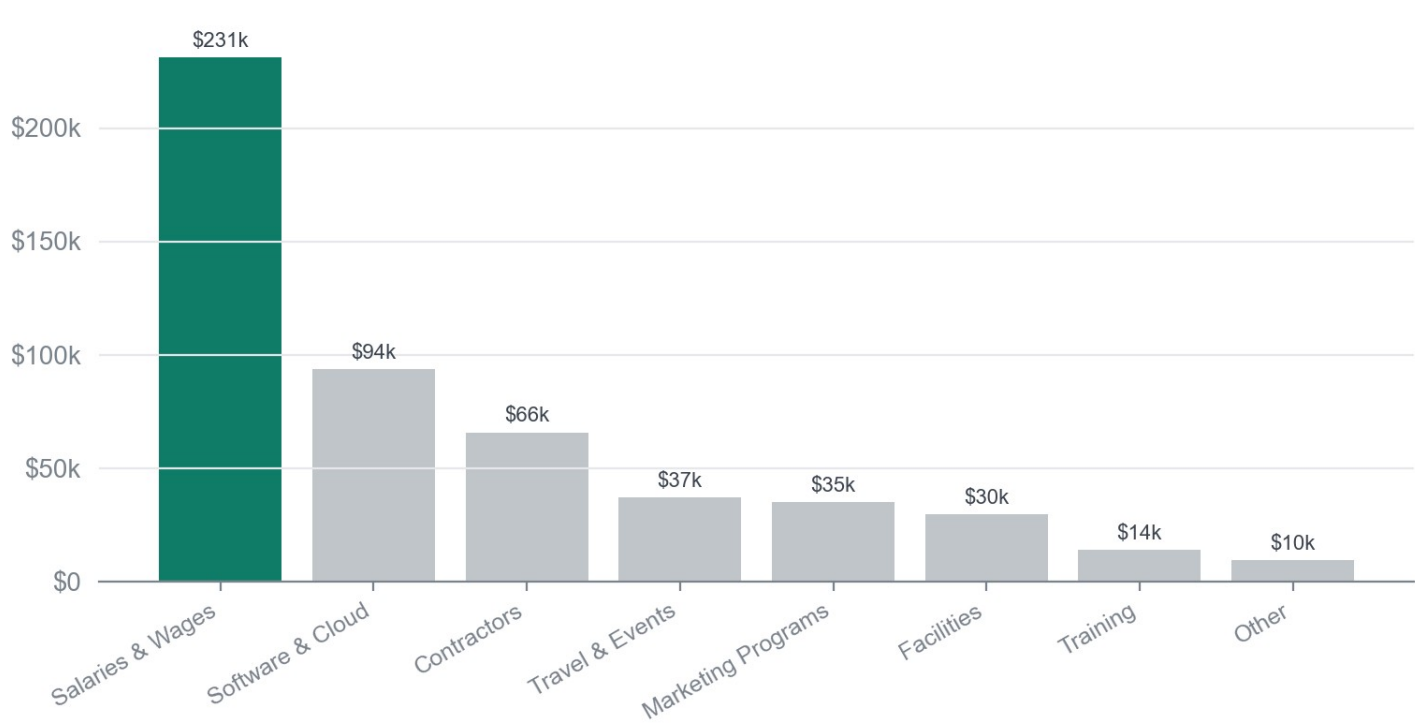

The decline in Sales may require strategic focus to reverse the trend.

- Sales at \$149k, down -\$5k from April.
- Customer Success increased by +\$2k to \$65k.
- Marketing also saw growth, up +\$2k to \$79k.

In May 2026, the Sales department leads with a total of \$149k, representing a significant portion of the overall departmental spend. However, it experienced a decline of -\$5k compared to April 2026. Customer Success is the biggest mover, increasing by +\$2k to reach \$65k, reflecting a positive trend in that area.

CATEGORY BREAKDOWN

Salaries & Wages dominate at \$231k, with Software & Cloud increasing by \$2k.

In May 2026, Salaries & Wages led all categories with a total of \$231k, representing 44.8% of total spend. Software & Cloud saw the largest increase, rising by \$2k to \$94k, while Salaries & Wages experienced a decrease of \$2k compared to the previous period. This indicates a shift in spending priorities towards technology investments.

Source: dim_category: actual by category (2026-05), verified against the data.

KEY TAKEAWAY

The increase in Software & Cloud spending suggests a strategic focus on technology enhancements.

- Salaries & Wages: \$231k (44.8% of total)
- Software & Cloud: \$94k, up \$2k
- Travel & Events: \$37k, up \$224

Priorities for the coming month

1. Analyze Sales performance to identify drivers behind the \$5k decline and implement corrective actions.
2. Review Salaries & Wages expenditures to optimize costs and address the \$2k decrease.
3. Enhance forecasting methods to mitigate the -0.1% change in total actual and improve future projections.
4. Prioritize investment in Sales initiatives to regain momentum and boost the department's contribution.
