Online leads with \$537k, capturing 53.8% of total revenue.

In May 2026, Online revenue reached \$537k, representing 53.8% of total revenue, while In-store revenue was \$461k. The Online channel not only leads in total revenue but also showed a significant increase of +\$35k compared to the previous month. In-store revenue also grew, but at a lower rate of +\$8k, indicating a stronger momentum for Online sales.

Source: dim_channel: revenue by channel (2026-05), verified against the data.

KEY TAKEAWAY

The strong growth in Online revenue suggests a shift in consumer purchasing behavior favoring digital channels.

- Online revenue increased by +\$35k from April to May.
- In-store revenue rose by +\$8k in the same period.
- Online accounts for over half of total revenue, highlighting its dominance.

Electronics leads with \$293k, while Home & Kitchen grows by \$24k.

KEY TAKEAWAY

The growth in Home & Kitchen suggests a rising consumer preference that could drive future strategy.

- Electronics: \$293k, leading category
- Home & Kitchen: \$279k, +\$24k growth
- Beauty & Wellness: \$248k, +\$10k growth

In May 2026, Electronics generated \$293k, making it the top category. Home & Kitchen follows closely with \$279k, showing significant growth of \$24k from the previous month. Beauty & Wellness also performed well, increasing by \$10k to reach \$248k, indicating a strong demand in these categories.

Wireless Earbuds lead with \$163k, while Air Fryer grows by \$15k.

KEY TAKEAWAY

Focusing on high-performing products like Wireless Earbuds and Air Fryer can drive future growth.

- Wireless Earbuds at \$163k dominate the product lineup.
- Air Fryer shows the largest growth with an increase of \$15k.
- Top two products represent a significant revenue concentration.

In May 2026, Wireless Earbuds generated \$163k, making it the top product by revenue. The Air Fryer followed with \$133k, showing significant growth of \$15k from the previous month. This indicates a strong concentration in the top two products, which together account for a substantial portion of total sales.

Priorities for the coming month

1. Increase online marketing efforts to boost the \$537k from the online channel.
2. Focus on promoting the Wireless Earbuds, which generated \$163k, to maximize sales.
3. Investigate the decline of the Coffee Grinder, which decreased by -\$2k, and implement corrective actions.
4. Expand product offerings in the Electronics category, currently at \$293k, to capture more market share.
