

May 2026 Revenue Insights

Period 2026-05 | source table: ex_retail_sales

Generated 2026-06-10 15:43 UTC | CONFIDENTIAL

Strong growth in total revenue signals positive market trends.

- Total revenue reached \$998k in May 2026, reflecting a growth of +4.5%.
- North America generated \$262k, accounting for 26.2% of total revenue.
- Online sales led with \$537k, representing 53.8% of total revenue.
- Electronics category sales totaled \$293k, making up 29.4% of total revenue.
- The Coffee Grinder experienced a decline of -\$2k compared to the previous month.

Total revenue increased to \$998k in May, up \$43k from April.

KEY TAKEAWAY

- Sustained growth in revenue suggests effective strategies are in place, warranting further investment.
- May revenue of \$998k marks a recovery from earlier lows.
 - Recent months show a positive trend after February's dip to \$753k.
 - December 2025 remains the peak month for revenue at \$1.41M.

In May 2026, total revenue reached \$998k, reflecting a 4.5% increase from April's \$955k. This growth follows a recent upward trend, with revenue recovering from lower figures earlier in the year. The peak month remains December 2025, where revenue hit \$1.41M, indicating potential seasonal patterns to capitalize on.

REGION BREAKDOWN

North America leads with \$262k, while EMEA grows by \$14k.

KEY TAKEAWAY

Focus on sustaining growth in EMEA while leveraging North America's strong performance.

- North America: \$262k, 26.2% of total revenue
- EMEA: \$219k, up \$14k from prior period
- UK & Ireland: \$200k, up \$13k from prior period

In the revenue breakdown for 2026-05, North America stands out as the leading region with total revenue of \$262k, accounting for 26.2% of the overall revenue. EMEA follows with \$219k, showing significant growth of \$14k compared to the previous period. The concentration remains high in North America, while EMEA's growth indicates a positive trend in that region.

CHANNEL BREAKDOWN

Online leads with \$537k, representing 53.8% of total revenue.

In May 2026, online sales generated \$537k, leading all channels and accounting for 53.8% of total revenue. In-store sales followed with \$461k, showing a solid contribution but significantly lower than online. The biggest mover was online, which increased by +\$35k from the previous month, indicating strong growth momentum in this channel.

Source: dim_channel: revenue by channel (2026-05), verified against the data.

KEY TAKEAWAY

Focusing on online growth is essential as it drives the majority of revenue.

- Online revenue is \$537k, leading with 53.8% share.
- In-store revenue stands at \$461k, showing steady performance.
- Online channel increased by +\$35k compared to April 2026.

CATEGORY BREAKDOWN

Electronics leads with \$293k, while Home & Kitchen grows by +\$24k.

KEY TAKEAWAY

Focusing on Electronics and Home & Kitchen can drive further revenue growth.

- Electronics: \$293k, leading category
- Home & Kitchen: \$279k, largest growth of +\$24k
- Beauty & Wellness: \$248k, steady increase of +\$10k

In May 2026, Electronics generated \$293k, making it the top category by total revenue. Home & Kitchen follows closely with \$279k, showing significant growth of +\$24k compared to April 2026. The concentration of revenue is evident, as these two categories account for a substantial portion of the total revenue.

PRODUCT BREAKDOWN

Wireless Earbuds lead with \$163k, driving 16.4% of total revenue.

KEY TAKEAWAY

Focusing on high-performing products like Wireless Earbuds and Air Fryer can enhance revenue growth.

- Wireless Earbuds dominate with \$163k, 16.4% of total revenue.
- Air Fryer shows significant growth, up \$15k from the previous month.
- Overall product concentration remains balanced with diverse offerings.

In May 2026, Wireless Earbuds generated \$163k, making it the top product and accounting for 16.4% of total revenue. The Air Fryer follows with \$133k, showing strong performance but with a lower concentration. The biggest mover compared to April 2026 is the Air Fryer, which increased by \$15k, reflecting growing consumer demand.

RECOMMENDATIONS

Priorities for the coming month

1. Increase marketing investment in the Online channel to capitalize on \$537k sales dominance.
2. Enhance product offerings in Electronics to drive growth beyond \$293k.
3. Address the Coffee Grinder's decline by evaluating pricing and promotional strategies to recover the -\$2k loss.
4. Leverage North America's top performance by expanding regional sales initiatives to boost the \$262k revenue.
